

All dimensions are in mm and may vary +/- 5mm as they are hand made, hand soldered and polished

Test pressure: **6 BAR**  
Max working pressure: **3 BAR**  
Max working temperature: **100 ° C**  
Connections: **1/2 FI**

Heat output determined in accordance with EN 442

Btu/hr @ Delta 60: **1774**  
Height over flange: **700**  
Width over flange: **900**  
Overall projection: **180**  
Valve centres: **788**  
Tube  $\varnothing$  mm: **38.1**

Bard & Brazier rails are made in England from high quality brass and can be used on open or closed circuits

All dimensions are in mm and may vary +/- 5mm as they are hand made, hand soldered and polished

Test pressure: **6 BAR**

Max working pressure: **3 BAR**

Max working temperature: **100 °C**

Connections: **1/2" FI**

Electric element: **Right hand**

Heat output determined in accordance with EN 442

Btu/hr @ Delta 60: **1774**

Electric element wattage: **200**

Height over flange: **700**

Width over flange: **900**  
(Approx 70mm required in addition for element)

Overall projection: **180**

Valve centres: **788**

Tube  $\varnothing$  mm: **38.1**

Bard & Brazier rails are made  
in England from high quality brass  
and can be used on any system

All dimensions are in mm and may vary +/- 5mm as they are hand made, hand soldered and polished
