

## Grove Double 2x Schuko Type F Socket

Bronze | Black 31714

The switches and sockets in our Grove range can be installed with most existing back boxes, so they're ideal for retrofitting.

They offer a refined but bold look that'll make more of a statement on your walls. The front plates are precisely machined for crisp, clean edges and they're screwless (they simply clip in place).

Our double 2x Schuko socket is crafted to be as sleek and timeless as possible in any interior setting.

Use a Schuko socket to power household appliances like lamps, TVs and computers, coffee machines and washing machines.

The low-sheen, slightly textured plastic inserts around the sockets come in black.

Bronze is our boldest finish, but it isn't shiny or bright, so it has a subtle side to it too. It's a deep matt brown colour that's almost black in some lights.

• Solid brass plate

• Screwless design and easy clip-on installation

• Ideal for renovation projects where a standard 45mm double back box is already in situ

• Plastic chassis eliminates the need to ground the front plate

• Check our standard back box guidelines to ensure compatibility
