

Grove Double USB-C 30W & Schuko Type F Socket

Bronze | Black 34188

The switches and sockets in our Grove range can be installed with most existing back boxes, so they're ideal for retrofitting.

They offer a refined but bold look that'll make more of a statement on your walls. The front plates are precisely machined for crisp, clean edges and they're screwless (they simply clip in place).

This double mixed socket combines a USB-C and Schuko socket on one plate.

Use a 30W USB-C socket to fast charge up to two USB-C devices.

Use a Schuko socket to power household appliances like lamps, TVs and computers, coffee machines and washing machines.

The low-sheen, slightly textured plastic inserts around the sockets come in black.

Bronze is our boldest finish, but it isn't shiny or bright, so it has a subtle side to it too. It's a deep matt brown colour that's almost black in some lights.

• Solid brass plate

• Screwless design and easy clip-on installation

• Ideal for renovation projects where a standard 45mm double back box is already in situ

• Plastic chassis eliminates the need to ground the front plate

• Check our standard back box guidelines to ensure compatibility
