

Grove Double 2x USB-C 30W Socket

Polished Nickel | Black 35565

The switches and sockets in our Grove range can be installed with most existing back boxes, so they're ideal for retrofitting.

They offer a refined but bold look that'll make more of a statement on your walls. The front plates are precisely machined for crisp, clean edges and they're screwless (they simply clip in place).

Our double 2x USB-C socket is crafted to be as sleek and timeless as possible in any interior setting.

Use a 30W USB-C socket to fast charge up to two USB-C devices.

The low-sheen, slightly textured plastic inserts around the sockets come in black (like this one) or white.

Polished nickel is our answer to chrome. It's a bit warmer, which we think is more versatile, so you can use it with warm or cool colour palettes.

• Solid brass plate

• Screwless design and easy clip-on installation

• Ideal for renovation projects where a standard 45mm double back box is already in situ

• Plastic chassis eliminates the need to ground the front plate

• Check our standard back box guidelines to ensure compatibility
