

All dimensions are in mm and may vary + - 5mm as they are hand made, hand soldered and polished

Test pressure: **6 BAR**

Max working pressure: **3 BAR**

Max working temperature: **100° C**

Connections: **1/2" FI**

Heat output determined in accordance with EN 442

Btu/hr @ Delta 60: **1324**

Height over flange: **1200**

Width over flange: **600**

Overall projection: **155**

Valve centres: **516**

Tube  $\varnothing$  mm: **31.8**

Bard & Brazier rails are made in England from high quality brass and can be used on open or closed circuits

All dimensions are in mm and may vary + - 5mm as they are hand made, hand soldered and polished

Test pressure: **6 BAR**

Max working pressure: **3 BAR**

Max working temperature: **100 °C**

Connections: **1/2" FI**

Electric element: **Right hand**

Heat output determined in accordance with EN 442

Btu/hr @ Delta 60: **1324**

Electric element wattage: **150**

Height over flange: **1200**

Width over flange: **600**  
(Approx 80mm required in addition for element)

Projection over flange: **155**

Valve centres: **516**

Tube Ø mm: **31.8**
